

Question Bank

Unit II- Array, Records & Pointers

1. What is linear array? Explain Representation of linear array in memory.
2. Write an algorithm for Traversing Linear Array.
3. Explain Insert element into Linear Array with example.
4. Write an Algorithm for Insert element into linear Array.
5. Explain Delete element from linear array with example.
6. Write an Algorithm for Delete element from Linear Array.
7. What is searching? Explain in details.
8. Write an algorithm for Linear Search
9. Write an algorithm for Binary Search
10. Write an algorithm for Bubble Sort.
11. Write an algorithm for Selection Sort.
12. Write an algorithm for Insertion Sort.
